BONDS FOR $600,000 PROPOSED BY MAYOR

In Message to Council He Recommends Plan For Improvement

URGES NEW SCHOOL

Two Fire Companies Request Council to Repeal Speed Law of 25 Miles an Hour While Responding to Alarms.

Mayor J. M. Duncan in a message submitted to city council last night recommended a bond issue in the sum of $600,000 for the city to pay off certain temporary loans and also for the erection of a new public school building containing sixteen rooms and construction an addition to the Washington school building for boys to cost at an estimate of $110,000 and for other city improvements needed. The mayor recites that the schools are so crowded that only a half session is held for some of the classes. He further recommends the installation of a modern heating plant for the city hall building to take the place of the twelve or more stoves now used.

Streets he urged to be improved are: Washington to Franklin, Franklin to Alfred; Prince or Duke, Commerce from King to Duke, Fairfax to Old Dominion Glass factory and to Bryant's fertilizer factory. He also urges sewer for Hoff's run and the improvements of West street from Prince to Oronoco, to connect with Walnut street of East Rosemont The gas plant the mayor says is practically worth the bonded indebtedness at the present time and since 1902 has turned into the city treasury $352,000.

The mayor says the estimated revnue of the city for the year is $275,000 and expense about $225,000. He estimates a saving of expenses this year owing to the reduction in the price of material.

It also is recommended by the mayor that a committee of five representative citizens be appointed to appraise the city's holdings to place the city in a right light before the financial world.

In connection with the proposed bond issue the mayor recommends that out of it the city pay off $145,000 notes known as "gas notes" and on account of the general fund $60,000 due the First National Bank. It was referred to the joint committee on streets, finance and schools.

Mayor Duncan in a separate paper urged council to appoint a purchasing committee to buy all supplies for the city and that the committee be composed of from three to five members. This was referred to the finance Committee.

Kenneth W. Ogden, chief of the fire department, addressed a joint session of city council regarding the need for more adequate water supply for fighting fires in different sections of the city. In the southeastern section he declared the conditions are very bad and he recommended that the officials of the city confer on the subject with the officials of the Alexandria Water Company. In that particular section he said it would be necessary to relay water two squares if more than one engine was working Other sections where the water supply is deemed inadequate were named by Chief Ogden. Chief Ogden also read before the joint session a resolution from the Relief and Reliance Fire Companies in which they asked that the present speed law of twenty-five miles an hour for fire apparatus while responding to fire alarms be repealed and a resolution also providing that the city be responsible for all accidents to firemen while responding to fire alarms.

It was stated by Chief Ogden that the men are not making demands but simply requested this. The Chief stated that he had been quoted correctly when it was stated "That the city council could not tell him how to run the fire department." He, however, stated that he did not say it to make council believe it was the "big me." He added that no legislative body is in a position to make such stringent laws for an emergency department without making them flexible. When the new traffic laws were presented he said he asked for more speed than twenty-five miles and hour for the department. Twenty-five miles an hour he said was not sufficient for the Washington Fire Department. The speed proposition was referred to the joint committee on finance, streets and general laws.

Afterward Councilman Tiger introduced a resolution that the joint committee on finance and general laws confer with officials of the Alexandria Water Company regarding the water supply and it was adopted.

A large delegation of firemen attended the meeting.

Before the joint session dissolved R. L. Middleton was re-elected superintendent of the city gas plant.

Other matters disposed of follow: Mayor authorized to issue quit claim deed for 10 lots in George Washington Park to the George Washington Masonic National Memorial Association, followed a presentation of the case to council by Attorney H. W. Smith; resolution to borrow $35,000 for holder at city gas plant adopted $850 appropriated for changing coping at the Confederate monument at Washington and Prince streets: $600 appropriated for purchase of broken stone; $4,000 appropriated to complete street sweeping work and removal of ash; board of aldermen non-concurred in ordinance for street improvements and made all resolutions and common council concurred; resignations of Dr. Flinn and Miss Jeffries ofhealth department, effective November 1, 1920, read and referred. Mayor Duncan explained that the persons appointed to fill their places were drawing salary.

Resolution to borrow the sum of $25,000 as a temporary loan to pay amount due for public schools was referred to finance committee.

Lieut. C. M. Shepperson, of the Alexandria Light Infantry, petitioned council for improvements at the armory and it was referred to the finance and public property committee. A number of other matters also were presented and acted on.

Robbery Reported

Jewelry Valued at $400 Stolen From Residence of Gustave Largergren at Rosemont

Burglars entered the residence of Gustave Largergren, 19 East Cedar street, Rosemont, Monday night and stole jewelry and articles of clothing valued at $400, according to a report just made to Sergt. Wilkinson at police headquarters.

The robbery was not discovered till last night, although Mr. and Mrs. Largergreen left home Monday night at 7:15 o'clock and visited a moving picture returning about 9:30 o'clock. It was observed that some one had been in the place, although nothing was missing at the time.

Early last night when Mrs. Lorgergren went to the jewelry box which reposed in a chiffonier and discovered it had been robbed of its contents and that the robbers also had taken a new suit of clothes belonging to Mr. Largergren and a watch

The articles stolen from the jewelry box included one diamond neck lace, one gold wrist watch, one Iris diamond pin, one gold pin of four leaf clover set withpearls and diamonds.

Entrance was effected through the kitchen window.

Y. M. C. A. Notes

St. Paul's Troop Pioneers No. 1, will have their regular weekly meetingat the parish hall this evening at 7 o'clock. The troop has already met many of the tests required of it and these are continued at each weekly meetings. The troop now numbers seventeen and the boys are piling up quite a savings fund for "Camp Rust" this summer.

Virginia Troop Pioneer, No. 3, of the Second Baptist Sunday School haschanged its meeting night from Saturday evening to Thursday evening. It will meet tomorrow evening at the church at 7 o'clock. Paul H. Wade is the leader. The troop had its first hike last Sunday afternoon

Daniel Boone Troop, No. 2, will continue to meet Monday evenings at the Young People'sBuilding. The troop had a good meeting last Monday evening and their savings account is also growing. One of the requirements of a "Pioneer" is that he have a savings account and the boys meet that requirement and also save for their camp fund. J Milton "Mickie" Stonnell is the leader.

The ladies gymnasium class is growing in interest and attendance. The class meets atthe Young People's Building each Monday evening At the last class session the ladies practically completed the elements of gymnasium marching and are now taking up elementary calisthenics. A gymnasium mat has been ordered and as soon as it arrives light gymnastics will be included in the program. Next Monday evening will probably be the last evening that new members will be accepted as the class will be too far advanced to start beginners.

Fifteen dyed-in-the wool base ball fans recently met at the chamber of commerce and started the preliminary work for the Sunday School baseball league. Another meeting is to be held at the same place Tuesday evening, April 19, at which time a more perfect organization will be perfected. Four teams are practically assured for the league and perhaps six.

Rev. Dr. E. B. Jackson is conducting the shop meeting for the men at the Naval Torpedo Station this month. He addressed the men at noon today and nearly a hundred men listened to the weekly religious talk. Dr. John Lee Allison is conducting the shop meeting at the transfer shed at the Potomac Yards during April. He speaks to the men at noon on Fridays. The men from all of the offices in the shed come together to hear Dr. Allison, who is given the closest attention throughout the address.

General Secretary Wallace went to Ashland, Va., yesterday to address the College Y. M. C. A., at Randolph-Macon. He spoke to about one hundred men on the subject, "The True Spirit of Sportsmanship."

MAYOR'S MESSAGE

(Official)

To the City Council of Alexandria, Alexandria, Virginia.

Gentlemen:

Considering the many improvements that are necessary to keep the city of Alexandria in the progressive column, it is urgently necessary that we consider what improvements are most important and the means for securing them.

Our schools have been and are now so crowded that only a half session is held for some of the classes and on this account the school trustees have asked for a new school building of sixteen rooms, and that the South Washington Street school building be changed from an eight to a twelve room building, making a total of twenty rooms, in addition to what we already have, and which addition should take care of the school question for two or three years, at an estimated cost of not more than one hundred and ten thousand dollars.

The First National Bank is holding the city's notes, known as gas notes, aounting to one hundred and forty five thousand dollars, and on account of the general fund sixty thousand dollars. Also at your last meeting a loan of thirty-five thousand dollars was authorized to purchase a new two hundred thousand foot gas holder. All of these notes bear interest.

The city hall has twelve or more stoves which are in use and it burns seventy-five tons of coal or more each year. A steam or hot water plant should be installed and if that were done it would pay for itself in the saving of coal in three or four years, and in addition would reduce the cost of insurance on the building.

The following streets should be improved: South Washington street to Franklin street; Franklin street to Alfred street; Prince or Duke street in order to relieve King street of, at leasta part of the heavy traffic; Commerce street from King street to Duke street; Fairfax street to the Old Dominion Glass Works and Bryant's Fertilizer Works. As it is now the men employed at these industries are obliged to walk in mud or water during wet weather to get to and from their work. The sidewalk should be continued at Washington street to the corporation line for the benefit of the employees at the Potomac Yards, the Fruit Growers Express car shops and the Mutual Ice Company, and I have assurance from the county authorities that in the event such sidewalk should be built to the corporation line, it would be continued by the county to the overhead bridge across the railroad tracks. King street west from Union Station should have a sewer and sidewalk to the county line.

Rosemont, as well as East Rosemont, Braddock and the Union Station have sewers that empty into Hooff's Run, which is already very unsanitary, and will shortly have to be remedied. At this time we are financing a health department at the cost of about nine thousand dollars per year and this sewer and other sewers of this kind should not be allowed to continue in the condition in which they are at this time.

West street from Prince to Oronoco should be improved and Oronoco street should be extended under the Washington Southern Railroad to connect with Walnut street of East Rosemont. This would improve this end of the city, and those going to and from the school and to business parts of the city from that section could do so without travelling four or five times the distance necessary, and in addition it would make that section more easily accessible to the fire department, and would be an added inducement to those desiring to build in this section.

The estimated cost of this work, including the payment of the loans above referred to now in the First National Bank, is about six hundred thousand dollars.

[illegible] sling nocofi iprovxapm or oh or

The Gas Plant when completed, without any further expense, is practically worth the bonded indebtedness of the city at the present time, and there has been turned into the treasury as a result of the operations of the gas plant since 1902 three hundred and fifty two thousand dollars.

The estiated income of the city for this year is two hundred and seventy five thousand dollars and the estimated expense of the city for the same period is about two hundred and twenty five thousand dollars, so that it would be necessary, in order to make the improvements above referred to to issue the bonds as set out. I am not in a position to say what interest these bonds would have to bear, but I feel certain they could be disposed of with little difficulty.

It is probable and very likely that there will be a saving in the cost of operating the city during the present year of several thousand dollars as compared with last year, as many things are somewhat cheaper and there will be some reductions in costs. For instance the cleaning of the streets and moving of ashes will cost about twenty four thousand dollars from June 1st, 1920, to May 31st, 1921, inclusive. I believe that if all work, such as buildings, streets, the making of street improvements, the cleaning of streets and the removal of ashes, were advertised and let to the lowest responsible bidder, under the supervision of the street committee and the city engineer, we would get much better results and more economical, and I heartily recommend that plan.

There seems to be no doubt that we are losing some of our best citizens, who are moving to neighboring counties and cities where they are offered better surroundings, and I hope that each of the members of council will give these matters, which are of the utmost importance to the future of the city, his earnest consideration, as there is nothing more important in the development of a city than good schools and good streets. The present valuation of the city's property is so ridiculously low as to make it seem that the city is already bonded for a large amount as compared with its borrowing capacity, although we really have a margin of more than six hundred thousands of dollars after settling present indebtedness to bank. I recommend, which I believe is very important, that a committee of five of the best and most capable citizens be appointed to appraise the city's holdings, not only for our information but so as to place ourselves in a right and proper light before the financial world.

Respectfully submitted,

[illegible] and

J. M. DUNCAN, Mayor.

BOUNDARY STONE IS 130 YEARS OLD

Patriotic Exercises Held This Afternoon at Jones Point

D. C. D. A. R. IN CHARGE

Minutes of Laying of South Stone of D. C., Boundary Read From Masonic Record

Interesting addresses were made this afternoon at Jones Point at the patriotic exercises held at that place in observance of the 130th anniversary of the laying of the south boundary stone of the District of Columbia held under the auspices of the District of Columbia Daughters of the American Revolution.

Mrs. Francis St. Clair, state regent of the District of Columbia D. A.R., presided. She read letters of regret from President Harding, Vice President Coolidge, the three District of Columbia Commissioners, the President General of the Daughters of the American Revolution.

Mrs. L. A. Abbott, historian of the charter, made a short address in which she introduced Mrs. Velma Sylvester Barber, Mrs. Barber succeeded in locating all of the boundary stones of the District of Columbia and it was through her untiring efforts that the stones were located and suitably marked. She told of this work.

Percy E. Clift, worshipful master of Alexandria-Washington Lodge of Masons, read the minutes of the orignal dedication of the stone from a history of the local lodge published in 1876 and compiled from the minutes of Alexandria-Washington Lodge.

Fred E. Woodward, of Washington, spoke along the lines of Mrs. Barber. The speaker lauded the work of the Daughters of the Revolution.

Rev. Dr. W. J. Morton, rector of Christ Episcopal Church, this city, made an address on the work being done by the American Revolution.

Others who spoke were Commissioner of Lighthouses Putnam, Clarence A. Kenyon, of the Sons of the American Revoluiton and Admiral Baird, U. S. N.

About twenty pieces of the U. S. Marine Band played patriotic airs during the progress of the exercises Attending the ceremonies were delegations from this city and Washington.

EX-KAISERIN DIES FEARING FUTURE

Berlin, April 13.—"I cannot bear to leave you all alone, What will be come of you."

These were the last words of the forer German Empress, Augusta Victoria. A moment later her heart missed. While former Kaiser Wilhelm watched, a doctor gove her a injection in an attempt to revive her but the late German Kaiserin did not recover consciousness again. This is a description of the deoth scene, according to a royal personage who arrived in Berlin this morning from Doorn.

The former Kaiser spent a great part of the days and nights at the bedside of his late wife, and he himself administered the medicines prescribed for her. The former Kaiser and Kaiserin held each others hands for hour at a time and the Kaiserin died clasping his.

When Wilhelm realized that the end had come he immediately burst out crying, in which he was joined by his son, Adalbert.

The Mayor's Message.

The mayor's message to city council, printed elsewhere in our columns should be read carefully by all citizens.

It shows that the mayor has made a painstaking and comprehensive study of the citys needs, and presented in concrete form suggestions for betterments. We have been drifting along without any definite plan or program, spending more than our income year after year. Of course this cannot continue. There is a limit to even the credit of the City of Alexandria. The mayor has done his part in presenting to council a comprehensive statement of the city's needs, and a definite program for supplying those needs. It must be gratifying to the taxpayer to see the beginning of a definite and considered plan for conducting city business. It now behooves city council to consider the mayor's suggestions and take action. All may not agree with the recommendations as a whole but differences of opinion often lead to helpful suggestions.

Let every member of council study the mayor's message carefully and be ready to either agree with his plan or suggest something better. The mayor means business and we predict that much good will flow from the ideas he has presented.

MESSAGE FROM MAYOR

City Council,
Alexandria, Va.,
Gentlemen:

After careful thought and past experience, I have come to the conclusion that on account of the many purchases the city makes during the year, that the city's interest can be served by having a purchasing committee.

As it is now each committee or individual does the purchasing for that particular committee, as they see fit This is often done, as an emergency case. Of course, when cases arise, and quite natural too we pay more than if the prices were compared andcompetitors allowed to bid or offer their prices.

I hope gentlemen you will give this your careful consideration and if considered to be for the city's best interest. I will be glad to go fully into the matter with you.

As delay makes waste—I will suggest a committee composed of from three to five members, and for this committee to handle all purchases of every description, upon application to your body and approval of a requisition, then to the committee who will immediately get the lowest prices of articles wanted. In this way, gentlemen, I am sure the city's interest will be best served and delays avoided.

Yours very truly,
J. M. Duncan. Mayor.

U. S. STEEL ANNOUNCES DRASTIC PRICE CUT

New York, April 13.—Elbert H. Gary, chairman of the United States Steel Corporation, late yesterday afternoon, announced substantial cuts in the prices of its principal products.

For months the business community has awited for an indication that the leader of the steel industry was ready to join in the downward readjustment movement. Confidence in the stability of the new price level, in the opinion of trade leaders, will be heightened by the action of the largest unit in this barometric industry.

Following the traditions of the corporation Judge Gary made public the new price schedule, after a conference with the presidents of the subsidiary companis. He said that the decision to lower prices was reached "after careful consideration of the whole subejct." Judge Gary declined to say, however, whether a cut in wages would follow the action with regard to prices.

KIWANIS CLUB FAVORS RELIEF WORK FOR SOLDIERS

Cleveland, O., April 13.—Full weight of the influence of about 600 Kiwanis Clubs in the country is to be given the American Legion's program for relief work among ex-soldiers.

This was announced at the international Kiwanis Club convention headquarters in Cleveland, following a meeting of the executive committee of the organization at which letters from F. W. Galbraith, national commander of the Legion, were read It is likely the matter of soldier relief will be a subject of discussion at the international convention of Kiwanians to be held here June 21-25.

Dean Clark, assistant international secretary of the Kiwanis organization, who is in charge of the Cleveland convention headquarters believes the organization will go on record as favoring the seven specific recommendations which have just been submitted to President Harding by his special commission investigating the care of veterans. Charles G. Dawes, of Chicago, was chairman of this special commission.

"The Kiwanis Club executive committee has endorsed the American Legion's program and is now recommending to the individual Kiwanis Cluba that they take steps to assist the Legion in carrying the program through," Assistant Secretary Clark said.

"The Kiwanis organization of professional and business leaders in almost 500 cities of the country, and with about 50,000 members, I am sure, will do everything in its power to see that the ex-service men are properly taken care of."

INGROWN TOE NAIL TURNS OUT ITSELF

A few drops of "Outgro" upon the skin surrounding the ingrowing nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail, that it can not penetrate the flesh, and the nail turns naturally outward almost over night.

"Outgro" is a harmless, antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions.

COMMISSIONERS SALE OF MT. IDA LOTS

By virtue of a decree of the Corporation Court rendered October 19, 1920, in the chancery cause of Marie Vaughan, vs. Merritt Vaughan, et al, pending in the Corporation Court, of the City of Alexandria, Virginia, the undersigned Special Commissioner of Sale appointed by said decree will offer for sale at public auction at 12 o'clock A. M., on Saturday, April 16, 1921, in front of the Royal Street entrance to the Market Building, Alexandria, Virginia, lots 1, 2, 3, 4, 5, 6, 7, 8, 9 and 10, in Block 17, of Grove's Subdivision of Mt. Ida, as shown on plat two, supplement of plat one, thereof, recorded in Arlington County, Virginia.

TERMS OF SALE:

1-3 of the purchase money in cash on day of sale, and the residue in two equal installments at one and two years from date of sale, with interest at 6 per cent on the deferred installments until paid, title to be retained until purchase money is paid in full, with the right of purchaser to pay all the purchase money in cash, if so desired, Conveyaneing at the cost of the purchaser

James R. Caton, Jr.,
Special Commissioner of Sale.

I, Nevell S. Greenaway, Clerk of the Corporation Court of the City of Alexandria, do certify that James R. Caton, Jr., Special Commissioner of Sale, has executed a bond with approved surety in the penalty of $150.00 as required by the decree for sale.

79-12c. Nevell S. Greenaway, Clerk.

A RAW, SORE THROAT

Eases Quickly When You Apply a Little Musterole.

And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain.

Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsilitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds on the chest. Nothing like Musterole for croupy children. Keep it handy for instant use. 35c and 65c jars; hospital size $3.00

Tune Up!

The curtain is about to rise on that good old drama, "Normal Conditions." The house is packed. Back in the wings stands the heroine, "Lotta Sales" ready to scamper on stage. And down in the pit the orchestra is tuning up for the overture, "The Advertising March."

You're one of the orchestra. How about your business? Its size doesn't matter. Whether trombone or piccolo, bass horn or violin, its part is indispensable. If you're out of tune, you're going to be unpleasantly conspicuous. And what's worse, you'll ruin the piece. Tune up!

One of the best ways of tuning up your business is to use our printing service. You'll notice an immediate improvement in tone, an increased carrying quality which will reach out to every person in your audience, as well as an irresistibly persuasive note.

We offer you the service of our up-to-date Printing Plant. We have the equipment and we know how.

Our prices are consistent with good work, quality and real service.

Man, Smoking, Leaps off Brooklyn Bridge as Cameras Click

New York, April 11.—While motion picture cameras clicked on the deck of a tug in the East river yesterday, Daniel Carone, 27, of Mount Vernon, puffing a cigarette, leaped from the center of Brooklyn bridge and was picked up in the water, 133 feet below alive, and unharmed. It was his second jump from the structure, the first being made in 1915.

A policeman saw Carone spring from an automobile on the south roadway and climb a steel girder. He shouted and ran toward him, but before he could reach him Carone plunged into space.

Carone said he also had jumped but saw his body strike the water. He soon appeared and began to swim toward the tug. In 50 strokes he had reached the craft and was hauled aboard amid cheers.

Carone said he also had jumped off London bridge and High bridge in Glasgow, Scotland.

In the Corporation Court of the city of Alexandria, Virginia.
H. F. Campbell et als. Complainants. Vs.
In Chancery No. 1389.
The Virginia Rapid Transit Company, Inc., Defendant.

To the Virginia Rapid Transit Company, Inc., all stockholders of said company, and all creditors and debtors of said company, whose name are at this time unknown:

Take notice that I have fixed upon Saturday, the 16th day of April, 1921, at ten o'clock A. M., at No. 123 South Royal Street, Alexandria, Virginia, as the time and place when and where I shall proceed to execute the Decree rendered by the Corporation Court of the City of Alexandria, Virginia, on the 10th day of March, 1921, in the chancery suit of H. F. Campbell et als. vs. The Virginia Rapid Transit Company, Inc., whereby I am directed to ascertain and report as follows:

First: All the estate, real and personal, belonging to the Virginia Rapid Transit Company, Inc., where situated and the value thereof:

Second: Any and all liens against the said property, and the order of their priority.

Third: All debts owing to and by the said Corporation and, as to the latter, the order of their payment.

Fourth: All assets and liabilities of the said Corporation, whether secured or unsecured.

Fifth: A list of all the stockholders and the amount paid in on said subscription.

Sixth: What will be a fair compensation to be allowed to counsel for complainant out of the proceeds of sale, for services in instituting and prosecuting this suit.

Seventh—To inquire and report any other matter or thing which any party to this cause may require, or which the said Commissioner may deem pertinent.

Given under my hand this 15th day of March, 1921.

Richard B. Washington,
Special Commissioner.

Monday Will Be Your Opportunity To Buy Neponset Floor Covering

SPECIAL AT **75c** YARD

DURING THIS SALE
APRIL 18 to 24

SPECIAL AT **75c** YARD

100 Per Cent Waterproof

"Neponset" is not merely waterproof on top and bottom, but 100 per cent waterproof through and through. Water cannot fade the handsome "Neponset" colors: it will not dim the artistic "Neponset" patterns that housewives all the county over are so enthused about, neither will it soak in and injure it in any way—because "Neponset" can lay in the water for weeks and never be the worse off.

The demonstration will start next Monday morning and continue throughout the entire week. We have received hundreds of yards of this floor covering and we expect to sell most of it.

SEE IT IN OUR WINDOWS

Beautiful Patterns

Nearly twenty different patterns to select from; patterns that are suitable for Kitchens, Dining rooms, Bedrooms, Living Rooms, Bathrooms, etc., every one new, many just off the press. There are tile, wood, matting, block, conventional and allover effects in striking color combinations that are sure to please every modern housewife.

Watch The Sidewalk Test

We have placed long strips of Neponset in front of our store and in front of other business places about town, where the greatest number of people walk and congregate, to demonstrate the excellent wearing qualities. These strips of Neponset will be left on the sidewalk during the sale. Watch them, see what little evidence of wear they show after thousands of people have walked on them. This is the famous test originated by Bird & Son, the manufacturers of Neponset. It proves that Neponset is wonderfully durable. We have a sufficient quantity to supply the needs of all but we advise you to come early if you want to choose from the complete range of patterns. If you need floor covering for any room or rooms in your home come in and select your Neponset while the range of patterns and colorings is complete.

Engine Crew Stops Own Train To Rescue Two From Fire

Cochrane, Ontario, April 13.—Seeing a farhouse on fire and a child's face at a window, Engineer John Nelson and his fireman ona Transcontinental Railwaytrain left their engine near here yesterday to rescue the youngster, who jumped from the second story into their arms.

SALARIES CUT 20 PER CENT; WAGES FROM 30 TO 40

New York, April 13.—The salaried force of the American Smelting and Refining Company will receive a 20 per cent cut in pay, and wages of laboring classes between 30 and 40 per cent, effective June 1, it was learned officially here last night

Fifteen hundred members of the executive froce, whose annual salaries total $3,750,000, are affected by the 20 per cent decrease. Approximately 12,000 wage earners are affected by the larger decrease, which it was pointed out, is based on the higher wages paid during the war emergency.

IS THIN WATERY BLOOD RUINING YOUR HEALTH

And Sapping Your Bodily and Mental Vigor, Leaving You Weak, Nervous and Irritable and Making a Failure Out of You? How to Tell

If you suspect you may be suffering from iron starvation, do not wait until you go all to pieces and collapse in a state of nervous prostration or until in your weakened condition you contract some serious disease, but consult your family physician and have him take a specimen of your blood and make a "blood count" of your red blood corpuscles or test the iron-power of your blood yourself by adding plenty of spinach, carrots, or other iron-containing vegetables to your daily food and take organic iron like Nurated Iron with them for a while and see how much your condition improves.

Thousands of people have surprisingly increased their strength, energy and endurance in two weeks' time by this simple experiment. But in making this test, be sure the iron you take is organic iron—Nuxated Iron—and not metallic or mineral iron which people usually take. Organic Nuxated Iron is like the iron in your blood and like the iron in spinach, lentils and apples, while metallic iron is iron just as it comes from the action of strong acids on small pieces of iron. Nuxated Iron represents organic iron in such a highly concentrated form that one dose is estimated to be approximately equivalent (in organic iron content) to eating half a quart of spinach or one quart of green vegetables. It is like taking extract of beef instead of eating pounds of meat. Beware of substitutes. Look for the word "Nuxated" on every package and for the letters N. I. on every tablet. Your money will be refunded by the manufacturers if you do not obtain perfectly satisfactory results. For sale by all druggists.

TRUSTEE'S SALE

By virtue of authority vested in the undersigned by a certain deed of trust from John C. Marscher, Jr., and wife, dated October 22nd, 1917, and recorded in deed book F No. 8 page 380 in the land records of Fairfax county Va., default having been made in the debt thereby secured and having been requested so to do by the holder of the said indebtedness, I will offer for sale at public auction, on the premises, on

SATURDAY, APRIL 23rd, 1921. at 4 P. M., all of that tract of land with improvements thereon, in Falls Church District, Fairfax County, Virginia, and described as lot No. 6 of the Strawberry Hill tract, according to survey made by Joseph Berry, deputy surveyor for the said county of Fairfax, containing 37.93 acres, more or less, excepting however from the above described tract of land, a tract containing 15 acres, heretofore conveyed by a deed duly of record in the land records of the said county of Fairfax in deed book No E. 8, page 234, from W. W. Mayes and wife to John C. Marscher, senior and wife. Terms of sale cash.

Conveyancing at the cost of the purchaser.

Our Watchfulness—for You

IN THE days when the steel industry was in its embryonic stage, Andrew Carnegie conceived the idea that chemical analysis could be made to determine quality in metals—and thus make more safe the steel girders, structures, engines and boilers—and thereby aid in the conservation of human life.

With the same *zeal* that marked Carnegie's use of chemistry to protect life against accidents, we are using chemistry to protect *you* against the impurities of food, the harmful organisms. In our laboratories there are scientists who carefully examine and test every ingredient that goes into "The Velvet Kind."

Our exclusive formula and *method* (Patents applied for to protect our process) fortified by our high standard for contents, guarantees to you superior wholesomeness and purity.

We do NOT use gelatin, gums, starch, fillers, imitation flavors or foreign substitutes for cream—

But *We DO use pure cream, pure milk, pure cane sugar and genuine flavors in "The Velvet Kind" of our creation.*

Phone your dealer today for a trial order of the cream that exceeds in charm even the good old-fashioned kind your Mother made—
